

2010 FREIBURG FORUM THE ROLE OF NEW MEDIA IN ENVIRONMENTAL GOVERNANCE

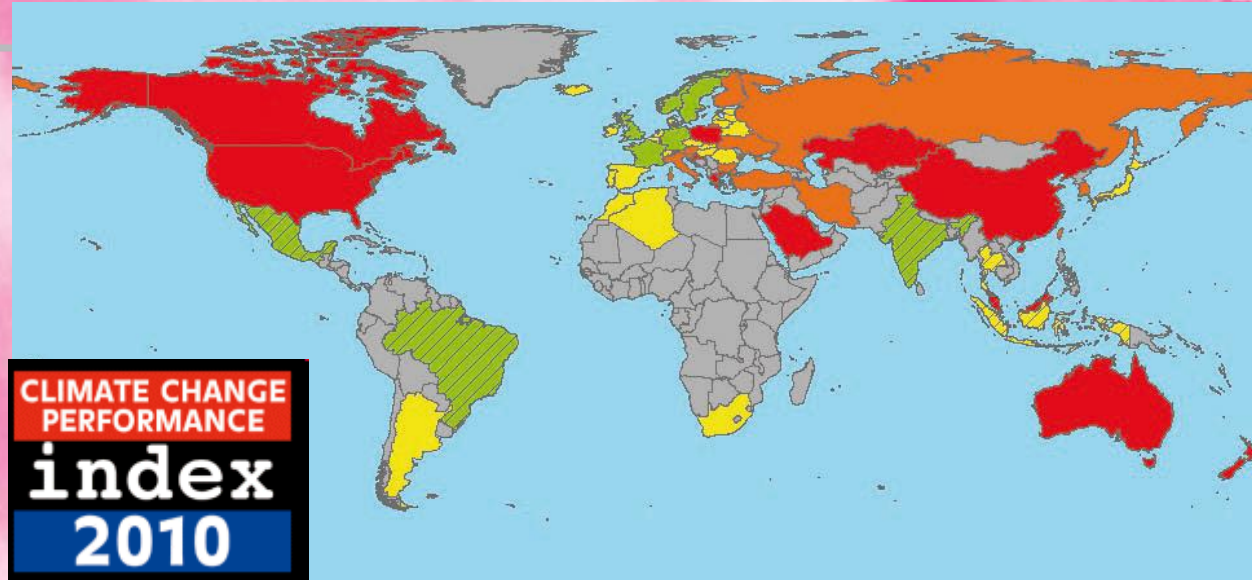

Monitoring and Accountability of the Environmental Realm

New media offers new possibilities

- To protect the environment effectively
- To empower indigenous people and local communities
- To collect and organize data
- Education & Learning
- Easy access to information
- To connect and organize people

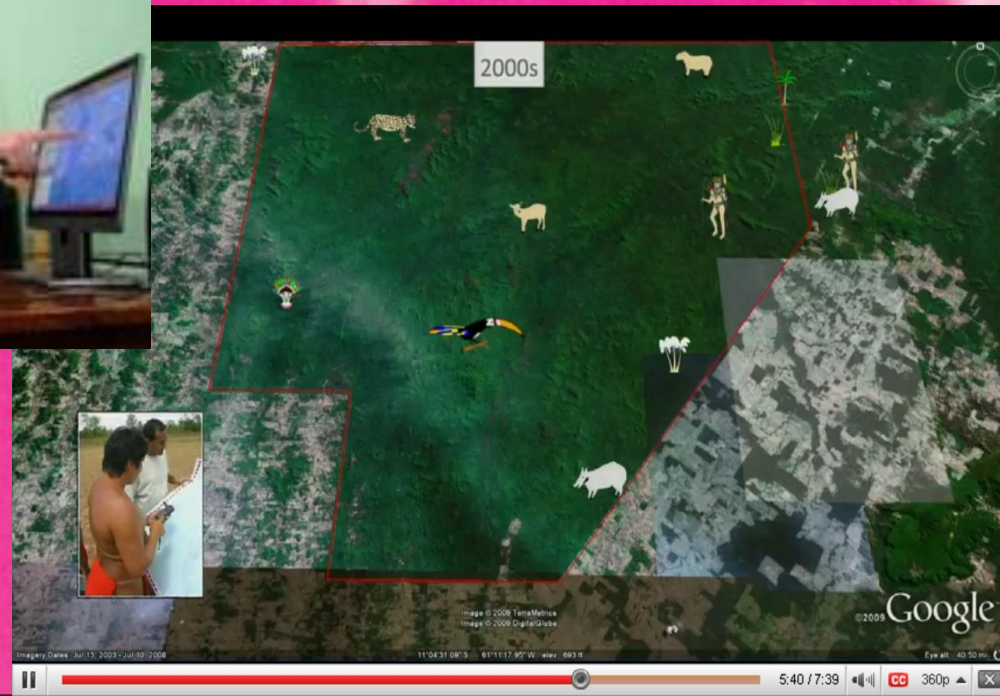

Pygmies capturing geographic data using GPS devices in a CIB concession in the Congo Basin.

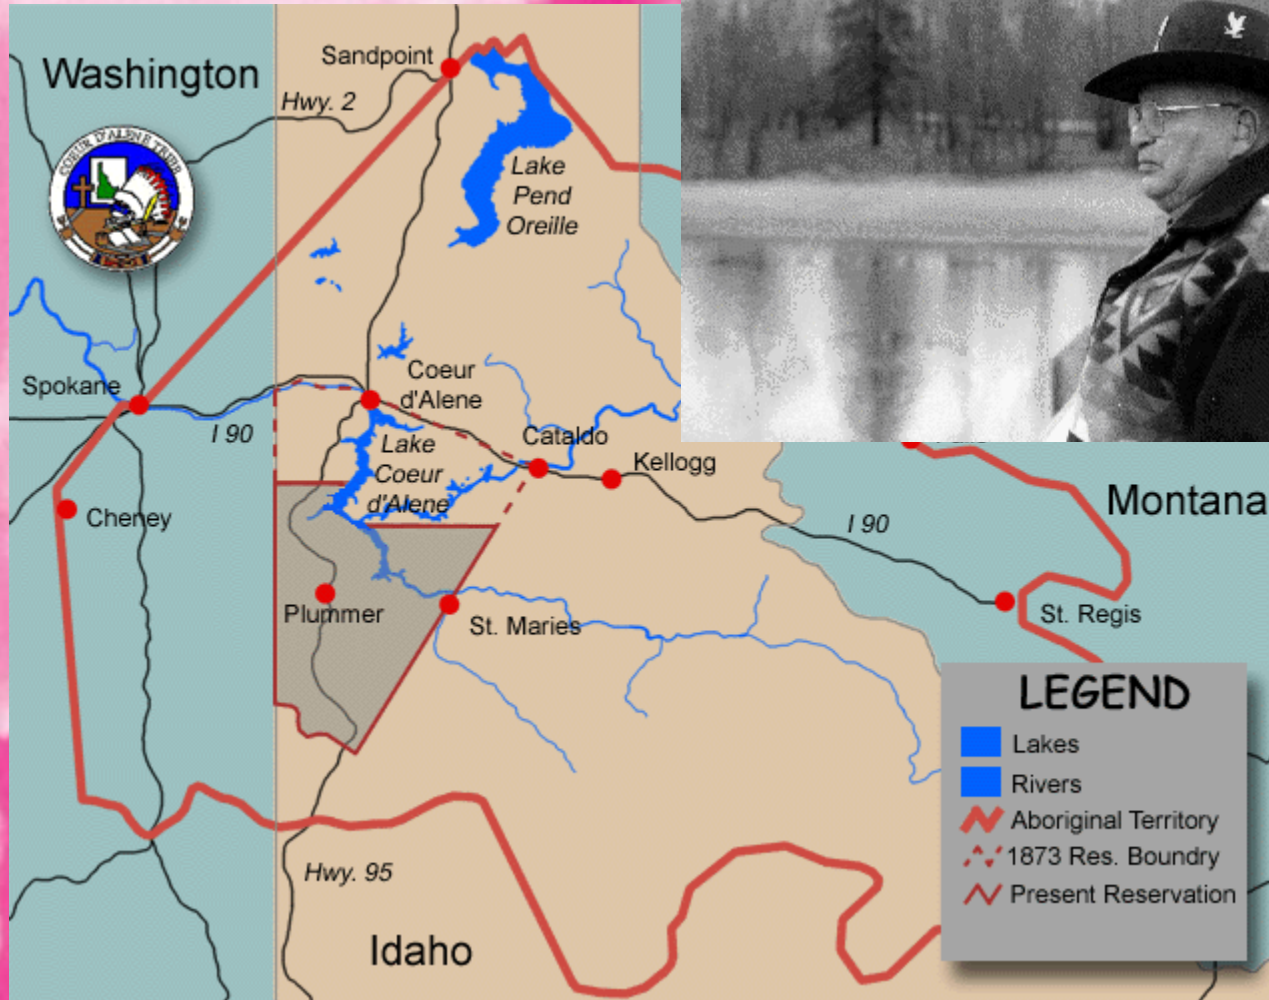

The indigenous Surui tribe uses internet technology

- The indigenous Surui tribe uses Google Earth to track illegal loggers

Coeur d'Alene tribe

The view of Carey Bay at the South End of lake Coeur d'Alene

Image updates every five minutes

6.11.2009

**from Benita
Galland**

Yesterday
(2009.06.10)
the F & G
planted 650
pounds of little
chinook.
Hopefully they
will grow into
lots of "Big
Ones" for our
future fishery.

Any shortcomings?

- Manipulation
- Misinterpretation
- More or LESS participation
- Literacy and technical skills
- Transparency and accountability
- Technical Failure
- Empowerment or dependency
- Acting vs. just talking
- ...
